Specialist in Prosthodontics
President, British Academy of Restorative Dentistry

2013 – 2014
DUBLIN
Practical Occlusion and Restorative Dentistry Course

Course Presenter

Dr Paul A. Tipton  BDS MSc DGDP RCS
Dental Surgeon, Specialist in Prosthodontics
President, British Academy of Restorative Dentistry
Director of Education, Sander Dental

Dr Paul Tipton is an internationally acclaimed Prosthodontist who has worked in private practice for more than 30 years. He is the founder of Tipton Training Ltd, one of the UK's leading private dental training academies and the author of over one 100 scientific articles for the dental press. He was voted in the Top 20 'most influential dentists in the UK' by his peers in Dentistry Magazine in April 2012, the leading Prosthodontist in the poll and was voted in the top 5 dentists in Private Dentistry's Elite 20 poll, January 2012.

Dr Tipton qualified from Sheffield University in 1978 and in 1982 opened his own referral practice in Manchester. He continued to build his skills, studying at Eastman Dental Hospital in London, where after 2 years of study, he obtained a Masters Degree in Conservative Dentistry in 1989. In 1989, Dr Tipton started teaching on the University of Manchester's MSc in Restorative Dentistry. He is now a lecturer on the MSc programme in Aesthetic and Restorative Dentistry and also lectures at Kings College London (LonDEC). His private dental training academy, Tipton Training, was founded in 1991 and to date over 2500 dentists have completed a one-year course at the Academy. In 1992, Dr Tipton was awarded an honorary Diploma in General Dental Practice from the Royal College of Surgeons of England and was appointed a member of the British Dental Association's Independent Practice Committee. In 1999, he was certified as a Specialist in Prosthodontics by the General Dental Council.

Dr Tipton is on the editorial board of Private Dentistry Magazine, The Journal of Indian Prosthodontics Society and Implant Dentistry and is a medical writer and part of the advisory board at Expert Beauty Magazine and 'Woman's' magazine. He was a founding member and on the Board of Directors of the British Academy of Aesthetic Dentistry and the British Academy of Cosmetic Dentistry. He is the past president of the British Academy of Implant Dentistry and is currently the President of the British Academy of Restorative Dentistry. He was recently elected Fellow of the International Academy of Dental Facial Esthetics (IADFE) and Associate Fellow of the University of Warwick.

Dr Tipton practices at his clinics in Manchester, London and Dublin.

CPD Requirements

CPD is a continuing learning process that complements formal undergraduate and postgraduate education and training. The Dental Council’s Code pertaining to Professional Behaviour and Dental Ethics states that all dentists have an obligation to maintain and update their knowledge and skills through CPD.

The Dental Council recommends dentists complete and keep records of at least 50 hours of CPD per year, at least 20 of which should be verifiable CPD.

While the amount of CPD hours completed may vary from year to year, dentists should complete at least 250 hours of CPD every five years, of which a minimum of 100 hours should be verifiable CPD.

Planning to meet your CPD requirements:

Step 1  Make sure you understand the hours requirement

Step 2  Plan what CPD activities will meet the requirement

Step 3  Record your CPD

Practical Occlusion and Restorative Dentistry Course

Course Objective

The Practical Occlusion and Restorative Dentistry Course will help you understand the scientific principles of restorative dentistry and how Occlusion plays a huge part in the success and failure of Restorations. Delegates will acquire new techniques that will build skills, increase confidence and profitability.

Course Content

A 10 day (Sat and Sun - see timetable) course in the form of seminars, lectures and practical’s presented by Dr Paul A. Tipton.

The course will cover:

- Bridge Design
- Occlusion
- Occlusional Examination
- Laboratory Techniques
- Marketing Strategy
- Smile Design
- Composites
- Adhesion
- Occlusal Splints
- Porcelain Veneers
- All Ceramic Crowns
- Tooth Preparation Techniques
- Selling Techniques
- TMJ Treatment
- Tooth Wear
- PFM and Porcelain Crowns

Course Benefits

Upon completing this course you will have gained the skills and confidence to implement new techniques in the ever-evolving world of dentistry to your day to day practice. You will be able to keep more work in-house and tackle more complex cases, which subsequently leads to increased income. This course will allow you to take the examination for the P.G. Certificate in Restorative Dentistry from the British Academy of Restorative Dentistry and goes towards a P.G. Diploma in Restorative Dentistry awarded by the British Academy of Restorative Dentistry (www.bard.uk.com).

This course offers: 78 Verifiable CPD Points (7 CPD Hours per session)
Procedure Photos
Practical Occlusion and Restorative Dentistry Course

Delegate Feedback

“Having completed Paul Tipton’s 1 year Restorative Course I can say that I found it extremely useful for general practice. I would recommend it to Dentists looking to update or refresh their knowledge at a clinical and theoretical level. I found the occlusion aspect of the course brilliant and have applied them nearly every day since in practice. The variety of topics covered is broad and dips into all areas of dentistry.“

Dr Annette Staunton

“Delivered much more than I expected! I feel the teaching by Paul Tipton is the best! I have had and wish I had this foundation of knowledge from my undergraduate training.“

Dr Gareth Spiers

“I found Paul an excellent lecturer and team motivator. His practical tips are especially useful in everyday practice.”

Dr Brian Byrne

“Paul Tipton’s course allows you to unlock your true potential with knowledge and clinical skills enabling you to plan and treat simple and complex cases with ultimate confidence. Since completing the phantom head course last year we’re now treating more interesting complex cases with ease. Our internal patient referral rate and is increasing constantly due to patients noticing an improvement in the quality and standard of their dental care. Private income is increasing allowing us to reinvest in the practice and more of Paul’s courses. Paul’s way of teaching will empower you with the knowledge that will surpass your expectations with ease. I would highly recommend the phantom head and restorative courses to any conscientious dentist looking to improve their standard of care and quality of working life.”

Dr Ronan O’Donoghue

“The course has been very informative and helpful to learn fully up to date techniques and skills to progress in practice. It has given me more confidence in understanding restorative Dentistry better.”

Dr Sinclair Butcher

“A lot has been said about Paul’s courses, but for me... he just changed the way I see dentistry. Not to be missed.”

Dr George Margueritas

About Sander Dental

Sander Dental have specialised in supplying Dental sundries and Dental Practice equipment to the Irish market since 2002 and expanded in to the UK in recent years.

Our comprehensive Product range includes over 25,000 articles of practice sundries, top branded Practice Equipment made in Germany, as well as private label equipment. We work closely with market leaders around the world to ensure that the high quality products we supply exceed the requirements and expectations of our customers.

In recent years we have recognised the absence of competitive on-going training in Ireland and we successfully secured the professional expertise of Dr Paul A. Tipton, an internationally acclaimed Prosthodontist and Lecturer, recently voted voted in the top 5 dentists in the UK.

Since 2009 Sander Dental facilitates Dr Paul Tipton’s courses in restorative dentistry in Ireland. After moving in to new premises in early 2012 we included a seminar room for 10 delegates, 10 phantom head work stations and a fully fitted and operational 2 sugeries dental clinic.

For information on Dr Paul Tipton’s courses organised by Sander Dental in Ireland or to request a brochure on dental supplies please contact us at:
